

Italy May Be Left To Stew In Own Juice And Feed Self

By DEWITT MACKENZIE  
Increased Axis resistance is reported from Sicily today but the incubation of the Allied invasion has proceeded far enough so that we can do no harm by counting that chicken and looking about for other fields to conquer.

There seems to be a widespread public expectation here at home that the next major venture of the beautifully synchronized United Nations fighting machine will be occupation of the Italian mainland. Indeed, a Madrid dispatch this morning says the Germans believe this will be the program if experience in Sicily leads the Allies to think Italy is ripe for the plucking. The Nazis are said to be rushing preparation of defenses in northern Italy.

Can Take Italy

A drive into Italy could happen, of course, but so could one or more of several other things. As a matter of fact, this uncertainty in itself represents a tactical triumph for the Allies. They've so cleverly mixed the pieces of the jig-saw puzzle of invasion that the Axis has been wholly unable to fit it together thus far. Even after it was perfectly clear that Sicily was to be one of the first points of attack, Berlin and Rome were fooled as to the exact time and place of landing.

And in the heat of operations in Sicily the hocus-pocus has been continued. The great Montgomery, Cromwellian leader of the famous British Eighth Army, issued an order of the day to his troops declaring that "the time has now come to carry the war into Italy and into the continent of Europe."

Anybody's Guess

Was he naively giving away the secret at last, or (business of puckering brows) was he sticking his tongue in his cheek and leading the Hitlerites up the alley? Well, five encountered Montgomery personally and know he's far from naive, but it's anybody's guess what he was up to.

What advantages would the Allies secure by taking over Italy? One of the chief gains would be the tremendous moral effect right round the world. It would weaken the morale of the Axis, strengthen that of the Allies, and tend to swing neutral nations toward the United Nations.

From the military standpoint it would ensure Allied domination of the Mediterranean, and give them control of the Adriatic, thus opening up fresh lines into the Balkans. However, it must be said that apart from these advantages Italy already is so nearly impotent as to be of little value to itself or anybody else.

Stew In Own Fat

Not all that the prospectors see glittering in Italy is gold, by a long shot. The Allies are bound to consider whether it wouldn't put them into the red to take over Mussolini's sorry state.

On the debit side we should find the task of providing a nation of 45,000,000 with large quantities of food, clothing and even fuel, since the country imports most of its coal. That would be a bit of a job, what with the whole world calling for the necessities of life. Besides that there would be a vast job of administration and policing.

On the whole there are a lot of folk who are wondering whether it couldn't be about as profitable for the Allies to let Italy stew in its own fat for a while. It can't do much more damage militarily, and has ceased to be an asset to the harassed Hitler.

Whatever the answer may be to that, the Allies are in the enviable position of not being committed (or at least compelled) to pursue any cut and dried course as regards Italy. They can take it or leave it.

"What a Squeeze"

Many military experts incline to the view that the Allies are likely to finish cleaning up some more strategic islands when Sicily has been dealt with. One would expect big Sardinia to follow, and perhaps Corsica. Then there are Crete and some of the Dodecanese islands at the other end of the Mediterranean.

Once the thoroughfares of this great sea are secure, the Allies can make their choice or choices—the Balkans, Italy, up the Rhone Valley of France, across the English channel into western France, into Norway from Britain. It wouldn't be surprising if several of these operations were put into effect simultaneously. What a squeeze that would be!

Seminary Graduate Gets College Post

The Rev. J. Paul Brenneman, pastor of the MacLay Street Church of God, Harrisburg, has been elected to the faculty of Findley college, Findley, Ohio, as professor of church history and worship in the Winebrenner Graduate School of Divinity and professor of philosophy in the undergraduate department. He received the degree of bachelor of divinity from the Gettysburg Lutheran Theological seminary here in 1931.

PRICE THREE CENTS

ALLIES PUSH DEEPER INTO SICILY

COUNCIL VOTES \$3,000 FUND TO IMPROVE TIBER

By unanimous action at a special meeting Wednesday evening, members of the Gettysburg borough council voted to spend up to \$3,000 immediately on the cleaning and repair of the Tiber watercourse through the town.

In the absence of Councilman Ray M. Hoffman, chairman of the finance committee, council's action was made subject to the approval of the finance group. That provision was regarded as little more than a formality for councilmen pointed out that a balance of \$8,000 remains in the highway fund and \$2,500 in the sewer fund budgets. Councilmen indicated that the \$3,000 expenditure may be divided between the two funds and still leave enough money to meet expenses for the remaining six months of the year in the respective departments.

Chiefly Machine Work

Council's action came after about six weeks of study and consideration that began at the June meeting with the appearance of a group of citizens who insisted that prompt steps be taken to insure that their properties are not flooded again as they were in a mid-May deluge.

Borough Engineer LeRoy H. Winebrenner told council that it will cost about \$1,600 to improve 1,600 feet of the Tiber channel from the North Fourth street bridge west and south to the West Middle street crossing. That figure did not include the section from the alley east of Carlisle street to the North Washington street bridge, he said. The power shovel cannot reach that section and cleaning there will have to be done by tractor and scoop or by hand, it was decided. The hand labor project would cost about \$500, he estimated.

Will Build, Repair Walls

Asked what cost would be involved in extending the work to West High street, Mr. Winebrenner said the distance was about 450 feet and the cost about 40 cents per foot.

The improvement program will include cleaning the channel, widening it at points where ground and stones have narrowed the stream, and the building and repair of retaining walls at many points.

Before the business session, members of council inspected work that was started on the Tiber between North Stratton and North Fourth streets with a power shovel about two weeks ago. The channel has been straightened and cleaned at a point where an S-curve in the stream had washed out a manhole in the town's sewer system. That work continued today with the shovel moving westward.

Tax Question For Court

Councilmen also inspected the new bridge and grade crossing on the West High street extension which will be completed this week. Later, at the business meeting they agreed to stone High street to its intersection with South Howard street and then improve that street to its intersection with West Middle street. The entire section will be stoned to a width of 30 feet.

E. V. Bullett, Esq., the borough solicitor, reported to council that he will file an answer to the court petition of Gettysburg college for (Please Turn to Page 2)

Selectee Says War Will End In Three Months

"The war will be over in three months or sooner," one of the 22 Adams county men who reported for duty with the United States Army this morning informed the crowd waiting to see the men off in front of the draft board office on center square.

Asked how he could be so sure, the youngster yelled, "Because I never have held a job for more than three months in my life!"

The 22 men who left at 10 o'clock this morning by bus for the New Cumberland Induction center were in charge of Acting Corporal Richard Eckert, Springs avenue. The men were those from the July call of the Gettysburg draft board who were accepted for Army service following physical examinations two weeks ago. They were then inducted into the Army and given furloughs to wind up their civilian affairs.

A similar group of 43 men will leave Friday from New Oxford, representing the Army selection from the July call furnished by the New Oxford Selective Service board.

Two Brothers In Marines; 1 In Navy

Adams county boys get around so much in the Army that it is news when two brothers get together. The two are PFC Bernard Cole, now a coach on the rifle range for the Marine Corps at Parris Island and Pvt. Donald Cole, who is also stationed at Parris Island. When the two feel their pride in the Marine Corps is too great they can consider the fact that another member of the Cole clan is in the Navy, Sterling E. Cole, with Unit C, Company 143, USNTS, Sampson, New York. All of the boys are sons of Mr. and Mrs. Charles Cole, of Gettysburg.

NEW OPA EGG CEILINGS ARE ANNOUNCED

Adams county's egg price has been set at 42 cents per dozen, Martin Hoffman, manager of the Adams County Egg Cooperative, announced today following receipt of word on the new OPA ceilings from New York.

The price was effective Monday. The local cooperative did not quote egg prices since Monday after learning that new prices were about to be put into effect. The last prices quoted here were white, 43 1/2; browns, 40 1/2 cents a dozen, on Saturday.

The new price makes no differentiation between the white and brown eggs. This is due to the increased demand for eggs, Mr. Hoffman said, as many people have been using eggs in place of meat in their daily menus.

Prices Will Rise

The price of eggs will increase one cent a week until January 1, or until another change is made by the OPA, Mr. Hoffman pointed out. In that manner as eggs become scarcer the natural increase in price will be met under the OPA ruling. Under the regulation the eggs will be selling at 67 cents a dozen or higher in December, unless some change is made by OPA. That price will be the highest since the last World War.

However, the new prices do mark a four-to-six-cents a dozen set-back for some sales. The lack of differentiation between whites and browns is expected to make up the loss, however.

While there are more laying hens in the country than ever before, Mr. Hoffman said, the number of eggs is becoming less and less because of poor management caused by lack of farm labor to handle the chickens. (Please Turn to Page 2)

STOP ADVANCE GAS TO B AND C MOTORISTS

Regulations governing the issuance of renewals of "B" and "C" gasoline ration in advance of the expiration date of current ration, were outlined today by the Harrisburg District OPA office.

No applications for additional ration can be granted in any case prior to the renewal date, except in the following cases: (1) where the applicant can show that due to a change in occupation or in the location of the place of business or residence additional ration is necessary; (2) a person who requires greater amount of occupational mileage due to seasonal variations; (3) where there has been a miscalculation of mileage needs, and (4) where a person who has preferred mileage can certify that the vehicle for which a ration was granted, cannot be operated for 15 miles or more on a gallon of gasoline.

Hold Renewals

When the renewal is issued in advance of the current ration, it could be a temporary restoration of the one-sixth cut in the current value of "B" and "C" coupons, an OPA spokesman points out. To avoid this possibility War Price and Rationing Boards are instructed not to distribute renewals until 24 hours previous to the expiration date of the current ration.

Ration Boards have also been instructed to be on the lookout for evidence of abuse of a ration. An OPA directive to the boards states: "If we are to do a good rationing job in saving as much gasoline as possible, under no conditions may we grant additional ration to individuals who have been guilty of abuse of ration. We must be firm and stand on the regulations."

FIRE COMPANY BAZAAR "BEST IN 20 YEARS"

The Gettysburg Fire company's annual "bazaar and festival" income this year was the greatest since the 1920's, President James B. Aumen announced Wednesday evening after Donald C. Stallsmith, chairman of the committee, reported income at \$1,676.60, and a profit of \$1,569.52, with several additional contributions yet to be received.

Highest praise was given to the solicitors for the "bazaar" which was not held this year because of war conditions, but which was replaced by having the solicitors ask each person in the community to contribute in cash what he would have given in foodstuffs if the bazaar had been held.

About \$400 of the money was immediately earmarked for new equipment for the company, with the firemen voting to purchase 400 feet of single jacket hose guaranteed to stand a pressure of 400 pounds and costing 92 cents a foot. The hose is the best that can be obtained, firemen reported, and will replace old hose which has become useless with age and wear. Every attempt has been made to obtain double-jacketed hose, which had been standard with the company, but due to the war none is available, the firemen said.

Aid Salvage Drives

The new hose will arrive in about four months, Chief Aumen stated, with that time needed to obtain priorities for the equipment. The new hose is in addition to several hundred feet of hose purchased some months ago and expected to arrive in the near future.

The firemen were urged to do their best to make the salvage campaign in town outstanding during the next three months. All money derived from the sale of the salvage materials collected from town drives until October 1 will be turned over to the firemen by the town Salvage committee, Vernon B. Corle said.

Among the salvage activities planned by the firemen is completion of the collection of enough tin cans to make a carload. About (Please Turn to Page 2)

FIRST VETERAN OF THIS WAR INTERRED HERE

The flag-draped casket of Capt. George W. Strong, Pittsburgh, was lowered into the first World War II grave in the National cemetery here, Wednesday afternoon.

Captain Strong, veteran of action in the Philippines area with the Coast Artillery Corps and an instructor in psychology at the University of Pittsburgh before he entered the service in June of 1941, died last Friday at the Chillicothe Veterans Facility at Chillicothe, Ohio.

The body was interred in the officers' section to the north side of the north drive in the cemetery. Superintendent Carl Taute said that no special area has been designated for veterans of this war but that their bodies will be placed in the area outside the area enclosed by the driveways. There is space for about 2,400 additional graves, he said.

The Rev. Dr. Dwight F. Putman, pastor of Christ Lutheran church, conducted the service at the grave. A large group of relatives from Pittsburgh came here for the rites.

Widow, Two Kiddies

Captain Strong was 29. His home was in Edgewood, Pa., and he was a son of Mr. and Mrs. James Strong, Edmon, Pa. He was graduated from the University of Pittsburgh in 1936 and received his Ph.D. from that institution in 1940. He taught in the high school at Kittanning before joining the university faculty.

In his student days he was cadet colonel of the university ROTC and belonged to Phi Kappa Alpha and Delta Kappa Omicron fraternities. In addition to his parents, a widow, Mrs. Anna Strong, and two infant daughters, Georgeanne and Patricia, survive. There are four brothers and two sisters. His father-in-law is head of the department of economics at Pitt.

There were no military rites at the grave.

Plenty of Unrationed Shoes in stock, Stover's Shoe Store, Wentz Building, Baltimore Street, Gettysburg.

Girl's Non-rationed Leather Soled Sandals, white and brown, Sherman's.

Postpone Bomb School Sessions

The bomb reconnaissance school originally scheduled for July 21 has been postponed it was announced today by the county defense council.

The school will be held at the court house at 8 p. m. on July 22 with representatives from each of the community defense councils present. The men trained at the school will become bomb reconnaissance officers in their own locality.

A control center exercise set for July 21 will take up the same problem as was listed for the center exercise July 7, it was stated. Because no calls were received on July 7 the local control centers will not have to be manned July 21.

ASKS CHURCHES TO LIST DONORS OF BLOOD FOR R.C.

A campaign to have every church in Adams county arrange for its members to give a pint of blood to the Red Cross for every star in its service flag was underway today under the supervision of Radford H. Lippy, chairman of the Blood Donor Service committee of the local chapter of the Red Cross.

"With our men in the armed forces doing so much, it is fitting that we on the home front should back them to the utmost," Mr. Lippy states in a letter to the pastors of the 57 churches in the county. "You no doubt by this time have in your church a service flag with quite a few stars. What better service could we give our fighting men, than to back up each man you have sent from your church with at least one new blood donor for the American Red Cross? Their blood will be made into plasma to save the lives of the ones who are giving their all for us."

Greater Need for Plasma

"Blood plasma is one of the few things needed in this war which money cannot buy; only from individuals willing to give their blood can this be secured. As you already know, blood can be taken painlessly from the individuals at the Blood Donor center and up to this time many thousands of persons have made one or more contributions."

"We are proud that Gettysburg has become a blood bank center and to date has contributed over 600 pints of blood. With invasions started in Europe and the large scale battles in the Pacific, there will be more need than ever for this life-saving blood plasma."

"May we count on your church to help along this work by registering at least one new donor (one who has not already been registered by the Red Cross) for each man or woman your church has sent to the service of their country? We would like to have these names sent us by July 30 in order that they may be called in August."

Canteen Groups Assist

Many churches throughout the county have already started such a program, Mr. Lippy said, with the Episcopal church heads having previously started a campaign to have all of the Episcopal churches secure donors.

The next blood donor day here will be July 30 when more than 100 donors are expected to give blood at Christ Lutheran church where the apparatus for removing blood will be set up by trained doctors and nurses from the Harrisburg Blood Donor center.

A committee from the AME Zion church will be in charge of the kitchen for the July 30 bank while a committee from the United Brethren church will handle the dining room. Mrs. Rasmus S. Saby, chairman of the canteen committee, has announced.

Red Cross Council Studies Army Needs

Needs for the various Army camps to be supplied by the Carlisle Council of the Camp and Hospital committee of the Red Cross were discussed Wednesday at a meeting in Carlisle.

The Carlisle council includes 14 county committees from as far north as Sunbury and as far south as Frederick, Maryland. Nearly all chapters were represented in the discussion of the need for more furniture, reading lamps, chairs, ashtrays, card tables, books, games and the like by various camps.

Representing Adams county at the meeting were Dr. and Mrs. J. Walter Coleman, Mrs. Samuel H. Reed and Mrs. LeRoy H. Winebrenner.

Radio service, Baker's Battery Service.

Eisenhower At Sicilian Front

Gen. Dwight D. Eisenhower (left, cap in hand), Allied commander in North Africa, greets Canadian officers while inspecting the front established in Sicily by his U. S.-Canadian-English forces. General Eisenhower asked Capt. J. E. Moore (right), to convey his compliments to the Canadian command. (U. S. Army Signal Corps radiophoto from Algiers.)

R. C. Production Workers Get Rest

The production room of the county Red Cross, located in the Red Cross building on West High street, will be closed from July 19 to August 3, it was announced today.

Because production has been exceeding quotas for the last several weeks, Red Cross officials have decided to close the room for a short time "to allow the women of the town and county who have generously given of their time to help produce clothes and other articles for war sufferers and the men in the armed services a chance to enjoy a short vacation."

The surgical dressing production at the Legion home, however, will continue throughout the summer.

Last Rites Held For J. W. Swope

Largely attended funeral services for J. Wellington Swope, 90-year-old Gettysburg resident who died Sunday evening, were held Wednesday afternoon at 4 o'clock from the Bender funeral home. The Rev. Dr. N. B. S. Thomas, pastor of Salem United Brethren church of which the deceased was a member, and the Rev. Ralph R. Gresh, St. James Lutheran pastor, officiated.

Interment was made in Evergreen cemetery. The pallbearers were Charles L. Hayward S. and Morgan D. Swope, William Conover and William and Harold Swope.

Eisenhower Needed Grease To Invade Sicily; He Got It; More Than 250,000 Lbs.

Philadelphia, July 15 (AP)—General Eisenhower wanted grease to lubricate his invasion of Sicily.

First he called for 45,000 pounds, then more and more until the order—called from North Africa and calling for as much secrecy as speed—ran well over a quarter of a million pounds.

And the grease, designed to resist the salt water when tanks and trucks crossed the Mediterranean, was of a type previously made in this country only in minute quantities.

How Eisenhower got the grease, how it was manufactured in record-smashing time and started on its historic journey by express train and airplane, was disclosed last night by the Standard Oil company of New Jersey, which accepted the order from Philadelphia Ordnance district.

Lieut. Aubrey Fleitas who, according to Lieut. Col. Arthur Seiler of the Ordnance district, "did all the work," helped tell the story:

First the sample furnished the company differed from the description given by the high command.

Good Evening  
Do you think Mussolini can shrink any more if he stews in his own fat?

FINEST GERMAN FORCE HURLED INTO CONFLICT

By RELMAN MORIN  
Allied Headquarters in North Africa, July 15 (AP)—The jaws of an Allied clamp have taken a deeper bite on eastern Sicily after a furious battle in which the British Eighth Army hurled back a powerful counterattack by Nazi armored forces, headquarters reports said today.

The greatest advance was scored by the American Seventh Army, driving inland on a line parallel with the British east coast push.

Led by Lieut. Gen. George S. Patton, Jr., the Americans dug into the Ragusa-Vizzini sector, moved forward some six or seven miles, captured another important airfield and took important heights.

Another Italian general, commanding the 54th Napoli Division, surrendered with his staff south of Vizzini. Vizzini is about 25 miles west and slightly south of captured Augusta, and about the same distance north-east of Gela.

Break Nazi Push

Hurling itself forward against sterner resistance, the British Eighth Army of Gen. Sir Bernard L. Montgomery drove to the town of Brocchi, four miles north of the port of Augusta after weathering a crisis yesterday in which German armored forces mounted a powerful counterattack and actually reached the harbor at one time.

A British brigade in the strategic harbor city, under Allied domination since Monday evening, was isolated temporarily by the furious enemy thrust, but the British counterattacked and drove on to Brocchi.

Today's communique from Gen. Dwight D. Eisenhower's headquarters said the British gained "some miles" yesterday and that Augusta was now firmly in Allied hands.

Fee Shifts Force

Military sources said the battle at Augusta began at dawn when the German tanks hit the British line and broke through temporarily. But Montgomery immediately reformed his lines and by noon not only had knocked the Germans back but had taken Brocchi and Mellilli, six miles to the southwest, as well.

This concerted assault by enemy forces in which the crack German armored Hermann Goering division took part indicated that the Italian and German commanders had shifted the bulk of their forces from positions confronting the Americans in order to block the British path up the east coast.

The Goering outfit previously had received a bad mauling at the hands of the Americans.

Heavy Opposition

Consequently, heavier opposition is expected along the route of the Eighth Army, and the latest developments indicated that the Axis commanders have firmly decided to commit their main forces in battle to hold the British and Canadians below Catania, 35 miles up the coast from Augusta.

Italian divisions, too, were reported making a more determined show of resistance.

However, new waves of British and American parachute and glider-borne troops had carried out what the communique called successful operations, and it was disclosed that units of the French army which are now operating in the battle zone are Goums, the terror-inspiring pig-tailed warriors who fought so effectively along the Mediterranean coast in Tunisia.

Hold Eight Bases

More than 200 bombers blasted Messina, the key to the Axis supply situation in Sicily, and a Cairo communique said 75 Liberators in three waves dropped more than 400,000 pounds of explosives on the city.

At the same time sea-roaming torpedo planes, in an intensification of the blockade, blew up a tanker, left another enemy ship sinking and set fire to a third ship.

While swarms of fighters and fighter-bombers maintained an umbrella over Allied beachheads and columns, other bombers reached in to central Sicily for another attack on Enna, the heart of Axis troop concentrations.

The following air and seaplane bases were now included in Allied captures:

Pachino, Biscari, Gela-Pareello, Ponte Olivo, Licata, Syracuse, Comiso, and Pozzallo.

Featuring whole wheat, old-fashioned rye, and hearty bread, Hennis's Bakery.

Girl's Non-rationed Leather Soled Sandals, white and brown, Sherman's.

For Workmen's Compensation Insurance See Your Farm Bureau Agent.

## SCRUTINY OF PAROLE PLAN IS SUGGESTED

Harrisburg, July 15 (AP)—Close scrutiny of the new Pennsylvania parole system was listed today as an objective of a legislative sub-committee named to study crime and juvenile delinquency for the joint state government commission.

Senator John M. Walker, chairman of the group, said, "We are going to determine whether the new parole act and the new parole board solve our parole problem. If they don't, we will prepare amendments for the next session of the General Assembly."

The 1943 legislative session wiped out the old five-man board, substituted a three-member group and revised civil service requirements for district representatives.

**Juvenile Delinquency**  
House Speaker Ira T. Fiss, head of the legislative research agency, said after a meeting with Walker's sub-committee that "we will likely be able to present some kind of report or even specific legislation that will improve conditions here in Pennsylvania."

Walker, a Pittsburgh attorney, asserted his committee "fully recognizes the increase in juvenile delinquency" and will try to apply legislative remedies. A state-wide curfew for minors and juvenile courts in all counties were said to be under consideration.

The local government commission, another legislative research body, elected Senator George B. Stevenson of Lock Haven chairman to succeed Senator Charles R. Mallory of Hollidaysburg. Senator Edward J. Coleman of Scranton and Rep. Howard F. Boorse of Lansdale were named vice chairmen. A. Boyd Hamilton of Dauphin will continue as secretary.

The commission will meet again September 22 to draw up a program for submission to the next Legislature.

## OUTLAW COAL STRIKE ENDS IN PITT AREA

Pittsburgh, July 15 (AP)—The insurgent coal strike in southwestern Pennsylvania collapsed today as a Federal grand jury continued an investigation to determine who was responsible for continuing the walk-out which began June 20.

Two mass meetings, with United Mine Workers locals from the dozen mines which had remained idle represented, voted unanimously yesterday and last night to resume work today. All but about 3,500 of the final 10,000 holdouts went back yesterday.

"I have been called down to Pittsburgh by the FBI," Anthony Congello, president of the local at the Isabella mine of the Weirton Steel company, told the mass meeting at Isabella, near Uniontown. "The government means business. My own intentions are to go back to work."

**Criminal Penalties**  
Members of the 900-strong Isabella local who quit work even before the general walkout had refused to work "without a contract" and once so telegraphed President Roosevelt.

Under the 20-day-old Connally-Smith Anti-Strike measure any person causing a work stoppage in government-operated plants is subject to criminal penalties.

U. S. Attorney Charles F. Uhl, aided by Irving Hill and Henry A. Schweinhart, special assistants to Attorney General Francis Biddle, had Allyn Renwick, district representative for Solid Fuels Administrator Harold L. Ickes, before the grand jury for more than an hour yesterday.

## Sigler Gets New 30-Day Sentence

Earl Sigler, Breckenridge street, remained in the county jail today, serving another 30-day sentence for disorderly conduct in default of a \$10 fine levied against him Wednesday evening by Justice of the Peace John H. Baschore.

Sigler completed a 30-day sentence on disorderly conduct Tuesday at 9 a. m. and was arrested again Tuesday evening together with his wife, Mrs. Margaret Sigler, on disorderly conduct charges by Borough Officer C. William Zhea, after the two got into a fight, according to Officer Zhea, at their home.

Wednesday evening both Mr. and Mrs. Sigler were fined \$10 and costs after pleading guilty to the charges. Both were committed in default of the fines but Mrs. Sigler later Wednesday evening paid her fine while her husband went to 1 o'clock today was unable to secure the amount of the fine. Sigler was out of jail 12 hours before his re-arrest.

### LICENSED TO WED

A marriage license was issued today at the court house to George Heber Reinecker, U. S. Marine corps, son of Mr. and Mrs. Norman Reinecker, Aspers, and Kathryn Grace Gulden, daughter of Mr. and Mrs. Howard L. Gulden, Camp Hill.

## Social Happenings

Phone Gettysburg 640 or Biglerville 8

Corporal Charles W. Doersom, Farmingdale, New York, has completed a visit with his parents, Mr. and Mrs. Charles F. Doersom, Gettysburg R. 3.

Private LaVerne B. King, Camp Howze, Texas, will arrive Saturday to spend a six-day furlough with his mother, Mrs. Irene B. King, Sachs apartments.

Jay D. Johnson, Piney Mountain, has returned to his home where he is convalescing following a major operation performed at Johns Hopkins hospital, Baltimore.

Miss Margaret Howard is spending several weeks with friends in Harrisburg and Lemoyne.

Miss Gay Tuckey, Dorothy Routsong and Mary and Doris Cluck are spending a week at Bay Shore, Baltimore.

Mrs. Charles Trostle, Chambersburg street, has taken a cottage at Marsh Creek Heights for two weeks.

Miss Martha Dillon, Buford avenue, visited friends and relatives in York Wednesday.

J. I. Herter will be the guest teacher for the Men's Bible class of the St. James Sunday school, Sunday morning at 9:15 o'clock.

Miss Peggy Morris, Punxsutawney, who has been visiting her uncle and aunt, Colonel and Mrs. George Morris, Middletown, is now a guest of her aunt, Miss Anne Gilliland, Carlisle street.

Mr. and Mrs. George Staley and daughter, Rose Marie, of York, have returned home after a week's vacation spent with Mrs. Staley's parents, Mr. and Mrs. Vincent Lawrence, West Middle street.

Mr. and Mrs. Glenn Sheely have returned to Baltimore after a short visit with Mr. Sheely's parents, Mr. and Mrs. Harry A. Sheely, East Stevens street.

Mrs. Charles Klingel, of Annapolis, Maryland, is spending some time with the Misses Miller, North Stratton street.

Mrs. John B. Zinn and Mrs. Charles H. Smith, West Broadway, and Mrs. Zinn's daughter, Mrs. Raymond F. Sheely, Baltimore street, left this morning for the South where Mrs. Zinn will visit her son, Private John Zinn at Camp Croft, South Carolina, and Mrs. Smith her sons, Private Herbert L. Smith and Private Harvey B. Smith, at North Georgia college, Dahlonega, Georgia.

Mrs. J. T. Huddle, Carlisle street, and her niece, Miss Alice Crabster, of Taneytown, Maryland, have returned from a visit with Mrs. Huddle's nephew and niece, Dr. and Mrs. Maurice Waltersdorf, Washington, Pa.

Miss Charlotte Rodgers, Baltimore, is expected to arrive this evening for a week-end visit with her grandmother, Mrs. W. S. Adams, West Middle street.

Lt. (jg) Philip M. Jones, arrived today from Washington, D. C., to spend a few days at his home on West Broadway.

Dr. Harry F. Baughman and Dr. Raymond Stamm, of the Seminary faculty, are in Frederick this week conducting classes at a Lutheran assembly at Hood college.

Mrs. S. F. Snyder, Stevens street, spent Wednesday in Harrisburg with her daughter, Miss Betty Jane Snyder.

Capt. L. S. Long of Nashville, Tenn., will arrive this evening to spend a few days with his family on Seminary avenue.

Mrs. Arthur E. Rice, Biglerville, left today for a visit with her son and daughter-in-law, Lt. and Mrs. Arthur E. Rice, Jr., of Staten Island.

H. M. Cater, Gettysburg R. D. is on a business trip to Hillsdale and Albion, Michigan.

Prof. and Mrs. Joseph W. Stayman, Berkley Springs, West Virginia, are guests of Mrs. Stayman's brother-in-law and sister, Dr. and Mrs. Harry F. Baughman, Springs avenue.

Miss Doris Gittlin, Carlisle street, and her aunt, Miss Rose Jean Miller, Harrisburg, left today for Toronto, Canada, where they will spend two weeks.

Mrs. Anna C. Plank entertained recently at her home on East Lincoln avenue, her brother and sister, Charles A. Myers and Mrs. Minnie Dicks, of York.

Miss Barbara Diehl, York, is visiting Mrs. Loretta Deatrack, Breidenbaugh apartments.

### RECOMMENDS DIVORCE

The report of the master, William L. Meals, Esq., recommending a decree was filed this morning at the court house in the divorce action of Mae Crum Slaybaugh, Aspers, versus Arthur Leroy Slaybaugh, Arendtsville and Delaware City, Delaware. Indignities to person are charged.

## New Contingent Of Cadets Arrives

The sixth contingent of Air Cadet Candidates for the 55th College Training Detachment, Army Air Corps, at Gettysburg college, arrived here by train Wednesday night. They came here from a southern camp.

The number of new arrivals was not disclosed but it was stated that the group does not fill the quota of men for the training detachment here. The group was in charge of Lt. C. J. Worthington who returned to his post in the south today.

## Continue Bridge Inspection Work

Three more county bridges have been inspected by the Adams county commissioners during the last two days as part of their survey of all of the bridges in the county.

A wooden covered bridge, about 40 feet in length, in the lower part of Straban township was found to be in poor condition following inspection this morning and the commissioners ordered several planks in the flooring replaced and fill placed at the ends of the bridge.

Wednesday the commissioners inspected two 40-foot steel bridges with wooden flooring northeast of Hunterstown in Straban township. Both bridges, which are about two miles apart, were found in perfect condition.

## Services Held For Mrs. Rudisill

The funeral of Mrs. Addie E. Rudisill, Gettysburg R. D., who died Sunday afternoon, was held from the Bender funeral home at 2 o'clock Wednesday afternoon with the Rev. Dr. M. Myers, pastor of the deceased, officiating. Interment was made in the Evergreen cemetery.

The pallbearers were Clarence, Willis and Paul Schwartz, Lloyd Snyder, Dewey Epley and Norman Rudisill.

## BULLETINS

Harrisburg, July 15 (AP)—The State Defense Council today practically assured return of an audible signal marking the all clear in future air raid drills in Pennsylvania but has yet to work out details.

**Allied Headquarters in the Southwest Pacific, July 15 (AP)—American and Australian troops in the New Guinea theater, keying their attack to the continuing all-American drive against Munda 700 miles to the east, are closing in on Japanese positions in the Mubo area "for decisive action."**

**Moscow, July 15 (AP)—Marshal Stalin's powerful Red Army have halted the attacking Germans everywhere in the Belgorod sector and have dislodged them from several positions with local counterattacks which are gaining momentum daily, dispatches from the Russian front said today.**

**New Delhi, July 15 (AP)—American B-25 Mitchell medium bombers sustained the Allied assault on Japanese installations in Burma yesterday, hitting railroad yards, barracks and warehouses at Myingyan and Melkita, a U. S. Army Air force communique said today.**

**White Plains, N. Y., July 15—Supreme court Referee J. Addison Young announced today that he had given the custody of the two Dempsey children to their father, Lieut. Commander Jack Dempsey, "with reasonable rights of visitation" to their mother, Mrs. Hannah Williams Dempsey.**

**Washington, July 15 (AP)—Secretary Morgenthau said today the Treasury expects to announce the goal of the third War Loan drive by August 1. Signs for the campaign, scheduled to open September 9, are generally expected to be set higher than the \$13,000,000,000 goal of the April drive, which actually resulted in sales of about \$18,500,000,000 in bonds. Decision on the types of securities to be offered is expected in the next ten days.**

**Washington, July 15 (AP)—Price Administrator Prentiss Brown today said the pleasure driving ban in the east will be lifted for "A" card holders "as soon as possible."**

**Washington, July 15 (AP)—The Navy reported today that an American light warship bombarded Japanese defense positions on Kiska island Wednesday, making the fourth surface attack on the enemy base in an eight-day period.**

### Weather Forecast

Cooler tonight and Friday morning.

## LESS GAS FOR "A" MOTORISTS IS PREDICTED

Washington, July 15 (AP)—Why can't we get more gasoline for our automobiles? Will we have enough fuel oil for our homes next winter?

Here is the future picture—as of today—presented by a staffer of Secretary Ickes' Petroleum Administration for War which is responsible for getting America's oil to where it is most needed:

No more than present allowances for eastern "A" card motorists; in due time, less gasoline for all motorists of the "A" type from coast to coast until all of them, nationally, are allowed an equal amount.

Fuel oil for homes will not be less than last year, will not be more, still will be rationed. Here's the explanation:

Civilian supplies arriving daily on the east coast still are far below the peacetime flow when almost every drop of the oil went to civilian use; are not expected to improve enough to close the gap.

**Improve Deliveries**  
Facilities for getting supplies to the east coast will improve in the months ahead when completion of pipelines frees more tank cars for long hauls.

Then, more supplies will be moved out of other areas which now proportionately have more than the east since facilities to move them have been lacking.

As those supplies move eastward—although never in sufficient amounts to meet the level of peacetime civilian needs—the nation will be tapped from coast to coast to equalize distribution according to needs.

As that happens, non-essential driving everywhere must yield to more essential demands.

## FIRE COMPANY

(Continued From Page 1)  
eight of the 16 tons necessary are already on hand.

**Two New Members**  
Because of handling arrangements at processing plants where the tin cans will be shipped only a full carload can be sent out of the county at any one time.

Five hundred feet of hose was reported "out of service" due to inability of the firemen to obtain expansion rings. Another attempt will be made to secure the rings.

President Aumen reported that the campaign to raise funds for the marker on center square honoring Adams county's sons and daughters in the armed services was progressing "very well." In addition to the \$50 given by the Gettysburg company, contributions ranging from \$10 to \$25 have been received from several county fire companies including Bendersville, Barlow, Aspers, Clatsburg and other communities.

Gilbert McKenrick, Hanover street, and Amos Starry, North Stratton street, were accepted as members to replace men called into the service.

**Elect New Assistant Chief**  
Vernon Corle was elected assistant fire chief to fill the office made vacant by the call of Donald G. Jacobs to the armed forces. The election of Mr. Corle was for the unexpired term. The company voted to give Mr. Jacobs a leave of absence for the duration of his service and to re-instate him as assistant chief upon his return to Gettysburg.

A six months' leave of absence was granted H. L. Bender who left Gettysburg to take employment with one of the companies building the pipeline from Texas to Pennsylvania. Another period of instruction for men wishing to become drivers of the fire company trucks will be held this evening starting at 6:30 o'clock, it was announced. A plea for more men to take the instruction was made.

## OPA Tells Plans For Stove Ration

In anticipation of the rationing of domestic cooking and heating stoves that are fired by gas, oil or coal, stove dealers in the 10-county area of the Harrisburg OPA District including Adams county, met at the Dauphin county courthouse Wednesday night and heard the new rationing program explained by Robert Graves, New York Regional OPA representative for heating and cooking equipment.

Graves gave no indication as to when the new program would go into effect but he pointed out that stoves to be rationed are gas burning cooking ranges and gas heaters, coal and wood burning cooking ranges and heaters, and oil burning cooking ranges and heaters.

On the non-rationed list will be electric ranges, water heaters, bucket-a-day stoves, salamander heaters, caboose stoves, floor furnaces, central heating equipment and all cooking and heating equipment for commercial, industrial, agricultural or institutional uses.

James A. Craig, Harrisburg, District heating and cooking equipment representative, stressed the point that OPA does not want to inflict hardships, that it wants to distribute stoves where they will do the most good.

The meeting was sponsored by the Harrisburg OPA District office and R. M. Tussing, acting district rationing officer, presided.

## Upper Communities

Miss Bertha McCarty, Carlisle, spent the day with her brother-in-law and sister, Mr. and Mrs. Donald Garretson, Aspers.

John Shetter, Biglerville, is spending a few days with his daughter in Hanover.

Robert Evans, Hershey Industrial school, Hershey, who has been spending some time with his father, Harry Evans, Carlisle, will arrive soon for a visit with his grandparents, Mr. and Mrs. Willis Eppelman of Aspers.

Tommy Arnold, Biglerville, left today for Camp Shohola in the Poconos where he will spend the remainder of the summer. He was accompanied on the trip by his mother, Mrs. Lueila Musselman Arnold.

Private Roy Cook, son of Mr. and Mrs. Arthur Cook, Aspers, who enlisted with the Army Reserves while a student at Pennsylvania State college, is now stationed at Fort Eustis, Virginia.

Richard Fohl, son of Mr. and Mrs. Earl Fohl, Biglerville, who has been stationed at the University of Nebraska, Lincoln, Nebraska, has been transferred to the University of Minnesota and Minneapolis for further study. He has been promoted to the rank of first class private.

Mrs. Earl Carey, Biglerville, accompanied by her nieces, the Misses Patricia and Joyce Sanders, Gettysburg, who are spending several weeks with her, spent Tuesday in Harrisburg.

Donald Nary, Biglerville, returned Wednesday evening from a short visit with his aunt, Mrs. Effie Nichols, Steelton.

## SEVERE STORM LASHES STATE

Pittsburgh, July 15 (AP)—Severe thunderstorms lashed Pittsburgh district communities last night, flooding numerous streets and cellars of homes, disrupting traffic and breaking trees and wires. Bolts of lightning also struck several homes and at least one building.

A mile and a half section of route 519, near Carnegie, was covered with nearly two feet of water that rushed from the hillsides and flooded sewers. Street cars were stalled in McKeesport and Etina by high water and a tree blown over a track while in Pittsburgh a debris-clogged street derailed a trolley.

Electric wires were broken down in at least a dozen communities while lightning ripped through the roofs of two dwellings in Homeville, Milifin township, causing total damage estimated at \$1,100 by owners. Bricks showered from a four-story building hit in Pittsburgh. Numerous small fires broke out in McKeesport and in many sections street lights were put out of service temporarily.

Several injuries were reported but no deaths.

## Kreider To Head Royal Arcanum

Harrisburg, July 15 (AP)—Homer L. Kreider of Harrisburg will head the Grand Council of the Royal Arcanum of Pennsylvania during the coming year as grand regent.

He was elected at the group's biennial session here yesterday when these other officers were named: E. R. Hannum, Windber, grand vice regent; Howard Donaldson, Pittsburgh, grand orator; E. T. Adair, Pittsburgh, grand secretary; and E. R. Ingram, Meadville, grand chaplain.

### HOSPITAL REPORT

Mrs. Orville Ditzler, Gettysburg R. 4, has been admitted as a patient at the Warner hospital. Robert Harbaugh, Fairfield; Walter Flickinger, West street; Frank Jones, Monessen, and Mrs. Charles Miller and infant daughter, Josephine Mary, Gettysburg R. 3, have been discharged.

### DIVORCE GRANTED

Kathryn M. Steininger has obtained a divorce from Henry F. Steininger in the York courts, it was learned here today. The Steiningers who now reside in York, formerly lived on Carlisle street here.

### BOND BOOTH REPORT

The war bond and stamp booth at the Majestic theater made sales totaling \$226.45 during the week from July 5 to 10, it was announced today by Mrs. Paul Thomas, chairman of the Women's club committee which sponsors the booth, and Sydney J. Poppay, manager of the theater.

### MANAGER IN ARMY

Joseph Wittle, near Harrisburg, has been appointed manager of Greencastle A & P store to succeed L. Duncan Moore, who left Wednesday for induction into the U. S. Navy. Moore has been in charge of the store since it was opened 15 years ago. His wife, the former Miss Alice Higbee, Emmitsburg, will continue her residence in Greencastle.

## Arendtsville

Mrs. Harmon Jones, Cumberland, Maryland, with her children is spending some time with her parents, Mr. and Mrs. Lanson Slaybaugh.

Misses Nancy Lee and Ann Frederick are spending several weeks with relatives in Uniontown, Pa.

Pvt. Mack Raffensperger has been enrolled in the Alabama Polytechnic Institute, Auburn, Alabama, for a six month's engineering course. He completed his basic training at Camp Wheeler, some weeks ago.

Miss Laurel Taylor is the guest of her aunt, Mrs. Bertha Saucke.

Miss Mary Jane Kimpke, Piney Mountain Inn, spent Wednesday with her parents, Mr. and Mrs. Bernard Kimpke.

Miss Verna Bosserman, Philadelphia, is spending her vacation with her parents, Mr. and Mrs. Clayton Bosserman.

## SCORES LOSS OF COAL BILL

Washington, July 15 (AP)—Aside from the adoption of a pay-as-you-go tax plan, Congressional action most affecting Pennsylvania residents during the past six months was the passing of an anti-strike law and the killing of the Guffey coal act.

These were named by a majority of the state's Senators and Representatives, although several Congressmen placed the "rollback of bureaucracy" near the top. The attitude of the latter group was expressed by Leon H. Gavin, Oil City Republican, who objected on the floor to a Congressional recess.

"When the 78th Congress got the ball the bureaucrats were deep in our territory," Gavin told a reporter. "And now that we have pushed them back well over the mid-field stripe we decide to call time out so that they can catch their breath and replan their defense."

But in the opinion of strong Administration supporter Joseph F. Guffey, the state's junior Senator, the killing by the House Ways and Means committee of the coal act bearing the Senator's name will result in a nation-wide loss of 80,000,000 tons of coal this year.

"Instead of getting the 630,000,000 tons we hoped to get," Guffey said when interviewed in his office, "we're going to get about 550,000,000 tons. And we can blame that on the death of the Guffey Coal act. Strikes won't have a thing to do with it."

## NEW OPA EGG

(Continued From Page 1)  
ens, poorer and more expensive feds, and increased consumption of chickens and eggs.

Egg production on Pennsylvania farms in May continued at unprecedented high levels which prevailed during the first four months of the year, the Federal-State Crop Reporting Service disclosed today.

The greater number of layers, showing an increase of nearly 1,000,000 birds, more than offset the decline in production per bird compared with May of 1942. Production in May was placed at 276,000,000 eggs compared with 263,000,000 eggs in the same month last year.

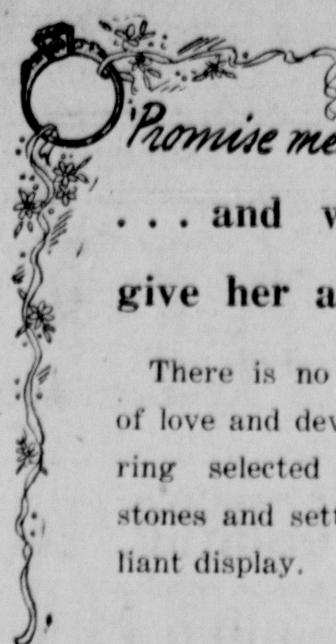

Pullets not yet of laying age in farm flocks were indicated to be 26 per cent more numerous on June 1 than on the same date 12 months earlier. Mortality of layers was said to be about 7 per cent higher in May of this year than in the same month of 1942.

The number of eggs per layer last May was put at 17.95 compared with 18.23 a year earlier and 17.73 in April. The report shows the average price received by commercial poultrymen for a dozen eggs was 38.8 cents, a slight increase over April and an advance of more than nine cents over May of last year. The average price per pound received for live chickens was 28.8 cents, compared with 29.5 cents in April and 20.3 cents in May of 1942. The average cost of 100 pounds of laying mash was \$3.14, a gain of two cents over the April price and 24 cents more than in May of last year.

## COUNCIL VOTES

(Continued From Page 1)  
an order to restrain the council and county commissioners from collecting taxes on the former Aughlinbaugh property on Springs avenue, now college property. Mr. Bullett said he is insisting that the matter be submitted to the court for decision and has advised council and the commissioners not to waive their rights to taxes on the plot.

President H. M. Oyer presided at the meeting with Councilmen L. D. Shealer, Joseph D. Kendlehart, Harry J. Troxell, Wilbur J. Stallsmith and George D. March in attendance. Burgess Fred G. Pfeffer, Secretary Wilmer Drach, Solicitor Bullett, Treasurer John H. Baschore and Mr. Winebrenner also were present.

## CANNING TIME IS HERE!

# Newsom, Traded To Browns By Dodgers, Declares He Will Not Play In St. Louis

## STAR TWIRLER IS OUSTED FOR BALKY TACTICS

By JUDSON BAILEY

The Associated Press

Fireworks still are popping among the Brooklyn Dodgers and that loud noise you heard last night was Louis Norman (Bobo) Newsom exploding as he was bounced out of the Brooklyn baseball parlor.

The latest repercussions from the Dodgers' family feud were a statement by Branch Rickey, president of the club, that he would support Manager Leo Durocher to the limit and an announcement that Newsom, the cause celebre of last week's rebellion, had been traded to the St. Louis Browns for a pair of antiquated southpaws, Fritz Ostermuller and Archie McKain.

**Roars Defiance**

Newsom, never at loss for words, roared in defiance:

"I don't want to play in St. Louis. I won't play in St. Louis and I'm not going to report."

"I got the dirtiest deal any ball player ever got. I've been the goat all the way through this thing. I guess I'll have to quit and I will quit before reporting to St. Louis. I heard about this only yesterday afternoon and I offered to buy my release from the Brooklyn club, but was refused."

Whether or not the boisterous Bobo goes through with his threat remains to be seen. Changing uniforms is no novelty to him for even before today he was the most traded pitcher in the big leagues and in 13 seasons in the National and American leagues had played variously with Brooklyn, the Chicago Cubs, Boston Red Sox, Detroit Tigers, Washington Senators and St. Louis Browns. In fact, during his long career he had been with the Browns, Brooklyn and Washington twice each.

**Consistent Winner**

Newsom, if he reports, should help the Browns. He won 20 games for them in both 1938 and 1939 and in 1940 he won 21 and lost only 5 in leading Detroit to the American league pennant.

His pitching this year has been the most consistent of any of the Dodger hurlers and his present record of nine victories and four defeats is one of the best in the National league. Although the Dodgers need southpaws, Ostermuller and McKain, both veterans now relegated to relief roles, cannot be expected to match Newsom's work.

But Rickey felt that either Durocher or Newsom would have to go as the result of the insurrection of the players last Saturday, when they revolted because Newsom had been suspended for what the manager later termed "general insubordination" and more specifically described as refusal to follow pitching instructions.

Rickey said he would not have let Durocher resign, even if the manager had wanted to, and that he was right in disciplining Newsom. "No coaches, players, or anybody else can tell a manager how to run his ball club," he asserted, and added, "I will continue to give him my loyal support."

**Blasts Pennant Hopes**

Just how the players, who revolted over a three-day suspension for Newsom, would react to the banishment of their star pitcher was a problem which puzzled some observers.

In any case the blow-up apparently has blasted any Brooklyn hopes of winning the National league pennant and it was enough to make even the stoutest Dodgers take to a sick bed. Literally it did, because Rickey was confined to his bedroom all day yesterday by an attack of indigestion.

The confusion among the Dodgers may make it difficult for some fans to concentrate on the pennant races again immediately, but nevertheless the major leagues were to resume their schedule today after a three-day intermission for the all-star show. Three contests were on tap in each circuit, with five of the six games being slated at night.

## Lady Amateur Pro Golf Match Planned

Philadelphia, July 15 (AP)—Here's something new in American golf—a lady-amateur-pro tournament.

Scheduled for the Bala club Sunday, it will include 12 of the Philadelphia district's leading women golfers, 12 members of the Professional Golf association and 12 top amateurs.

Suggested by Leo Diegel, former national PGA champion, it is believed the first of its kind in the country.

## SPORTS ROUNDUP

By HUGH FULLERTON, JR.

New York, July 15 (AP)—The

AAU handbook probably won't list any new broad jump records established by sports writers in July, 1943, but from here it seems that the boys have made some remarkably long leaps at conclusions about what Branch Rickey would say to Leo Durocher and vice versa. . . . We don't know what "de revolution" in Brooklyn amounted to, nor what Leo actually said about resigning, but anybody who gave the matter a serious second thought realized that Rickey would have to stand back of his manager as long as possible. . . . The general impression when neither Branch nor Leo turned up for the all-star game Tuesday was that they were holding their discussion privately while the scribes were in Philadelphia. . . . And sure enough, the publicized conference didn't take place yesterday but Rickey came out with a statement that Durocher still is "in."

**SHORT THOUGHT**

If Rickey did give Durocher the heave-ho, or let him resign, he'd be on the spot himself the rest of the season. . . . Any new manager would have to cure the dissension on the club and get the skidding Bums back into the pennant fight—two tough jobs. . . . So if Branch let Durocher out and the move wasn't successful, the directors might let Branch out with no more ceremony. . . . He's only a hired hand, too.

**SHORTER THOUGHT**

Rickey was laid up yesterday with indigestion. . . . Wonder if he swallowed some of those stories about the Dodgers? . . . Or some of Durocher's words? . . . Or maybe his own pride?

**ONE-MINUTE SPORTS PAGE**

If Gunder Haegg returns to Sweden by plane instead of by tanker, he'll likely make his farewell appearance at Yankee stadium about August 21 instead of at New Orleans. And he may try for a mile record at Princeton as a build-up for the last show. . . . Louis Angel Firpo plans to send his amateur heavyweight, Abel Cestac, to the United States this fall in hopes of building him into a heavyweight title contender. Rancher Firpo says he's had an invitation from Jack Dempsey, but the fight mob might appreciate it more if he left Cestac at home and shipped a couple of steers instead. . . . New Jersey's Baltusrol Golf club has added 101 more sheep to its menagerie and now has 185 animals on the premises.

American railroads now have 500,000 fewer cars and 20,000 fewer locomotives than they had in 1917.

## Rallies To Take Junior Tennis Title

Philadelphia, July 15 (AP)—It looked like curtains for 16-year-old Dick Betson of Lansdowne high school in the Pennsylvania junior tennis championship finals.

Favored Sam Handel of Philadelphia took two sets 6-1 and 6-2 and reached 5-3 in the third.

Then Betson rallied, took four straight games to win the set and polished off the next two 7-5 and 6-3 to take the title at Cynwyd club.

## Pittsburgh Recalls Fielder Van Robays

Pittsburgh, July 15 (AP)—The Pittsburgh Pirates awaited the arrival today of Outfielder Maurice Van Robays, recalled from the Toronto Internationals last night.

If he gets here in time, there was a possibility he might be used in tonight's game, first of a series with the league-leading St. Louis Cardinals.

## CAN'T READ OR WRITE--BUT JACK HAS JACK

Philadelphia, July 15 (AP)—Beau Jack couldn't even read his draft notice. He couldn't write his name on the side of a barn with a broom and a bucket of whitewash. He doesn't care, though. Rumors to the contrary, he knows the precise meaning of the figure in the corner of a crisp banknote and that's all he wants to know.

Listen to the former Augusta, Georgia, shoeshine boy, and see if you believe the yarn that he's paid off with a loose \$5 bill after each fight.

"I have nearly \$100,000 held for me by my board of directors and I haven't touched one cent of it. That's what I call my farm fund. When I quit boxing I'm going to use

that money to study agriculture and buy a farm, maybe two farms."

\$15,000 Purse

He can take out an option on some more pastures after his fight with Johnny Hutchinson in Shibe Park come Monday night. It figures to net him a cool \$15,000—which would lure practically any scholarly slugger away from his first editions for an evening.

"I only went through the second grade in school," says Beau, and not apologetically either. "I quit to help my grandmother on my farm."

She's the one that called him Beau Jack, although he was born Sidney Walker. "I don't even know any other name since I can walk. I like it," he explains. You can see how he would, especially the "Jack" part. That "board of directors" of course, is the group of Augusta Golf club members who discovered Beau, piloted him to his brief lightweight championship and still guide his

## SPORT SHORTS

Chicago, July 15 (AP)—Eddie Smith, known last year to Chicago White Sox fans as "hard-luck Edgar" because of numerous games he lost by one run, may come to be known as "last-chance Smith" to his ribbing teammates. Smitty has been restored to good graces by Manager Jimmy Dykes after his suspension from lackadaisical training and will

join the Sox on their next eastern trip Sunday night.

Cooperstown, N. Y., July 15 (AP)

A sign on Doubleday field, where the Chicago White Sox and the Brooklyn Dodgers play the annual Shrine game July 19, says: "Horse and people this way; no cars allowed."

For emphasis, a \$10 prize will be awarded the driver of the horse-drawn vehicle bringing the most persons from outside the village limits.

An Evening Thought

Meekness excludes revenge, irritability, morbid sensitiveness, but not self-defense, or a quiet and steady maintenance of right.

—Theophylact

Just Folks  
By Edgar A. Guest

"VOICE OF WISDOM"

Time was my patient father used to look at me and say  
To my always gentle mother:  
"Will such frenzy pass away?  
Must we suffer this forever? Will he always be so wise?  
If he lives, will he continue all our judgments to despise?  
Is it possible our offspring can be wiser than a sage?  
Think you every dotting parent meets this 'voice of wisdom' age?"

In a tone akin to sadness, which I little understood,

Off he said he'd like to choke me, and at times I thought he would.

"Just be patient," whispered mother. 'Tis a phase that quickly goes.

Every growing youngster always wants to show how much he knows.

Every father has to suffer being counseled by his lad.

That's a portion of the payment which he makes to be a dad.

Then I grew to be a father, and it wasn't very long

Till my youngster started telling what is right and what is wrong.

And it seemed that there was little in this world he didn't know.

If we ventured an opinion, he would let his wisdom flow.

And I used to think, "I'll choke him!" But I answered him instead:

"It is time the 'voice of wisdom' should be starting off to bed."

When that youngster you're so fond of gets the notion he is smart

And begins to voice his wisdom, just be patient, don't lose heart!

Though you're tempted so to choke him, turn to memory's looking glass.

See yourself that way, old fellow, and remember, this will pass.

Just remember when he's sneering at some foolish thing you do,

You're alive because your father suffered patiently with you!

Today's Talk

By George Matthew Adams

LIKING AND DISLIKING

We must ever bear in mind that each of us is, as Emerson has said, "an unique." Each human being in this world, while cast in a similar likeness, is the only one of his kind. No two persons have ever been exactly alike.

How then can we like all alike, or dislike the unlike? Naturally those qualities which we have developed, as inborn, and which make up our character, favor like qualities in others to a greater or less degree. We like "our kind." But this is no reason why we should dislike those who possess what we lack.

We should give and borrow alike, seeking ever to gather those about us who will help to develop and improve that which is emphasized by the "I" in us. We are important entities and our growth is a process of tolerant acceptance of ideas and conditions that hover about the human family. Perfection is in none of us—but there are germs of it in all of us.

Enemies move about all through Nature—and so do they move about throughout the world of mankind. In Nature this fact puts every moving or living thing on the alert. And more so does it put us on the alert. If we have enemies, for any reason whatsoever, then it behooves us to walk and watch carefully, to be on our guard that we do not step to their plane.

Lincoln's method of getting rid of an enemy was to make him his friend. I can think of no improvement on this suggestion. It is possible to make those who dislike us like us. But it takes effort, tact,

Star and Sentinel and  
The Gettysburg Times

TWENTY YEARS AGO

Death Ends Partnership: Notice is given of the dissolution of the partnership between B. M. Sefton and Ellis C. Bucher, by the recent death of the latter. At the same time announcement is made that Joseph Hoffman, East Middle street, has purchased the late Mr. Bucher's interest in the barber shop on Center square. Mr. Hoffman has been employed in the barber shop for the past four years.

To Attend Conference: Byron Kadel, Charles and William Beales and Foulke Blair have registered to attend the conference for Presbyterian young people to be held at Westminster, Maryland, July 23 to 29.

Drums Arrive: There will be a meeting of the American Legion drum corps at the post home on York street on Wednesday evening. Some special drums ordered some time ago for the organization have arrived and a permanent organization will be now effected.

Straley-Warehime: Word has been received in McSherrystown of the marriage of Miss Emma Warehime, daughter of Mrs. Emma Warehime, Westminster, Maryland, and Paul Straley, Two Taverns. The wedding took place in Pittsburgh on July 3.

Arendtsville Scouts Go Into Camp Monday: The Arendtsville troop of Boy Scouts has completed plans for the summer encampment, which will be held July 16 to 27, in the Seven Mountains, Mifflin county. The encampment will be in charge of Professor W. Roy Diem and S. W. Frost. Robert Hoffman will accompany the troop, which will include Scouts Bruce Wolff, Arnold Orner, Harold Trostle, Daniel Wolff, John Raffensperger, Mahlon Raffensperger, Joseph Snyder, Marshall Longanecker, Roy Hoffman, Donald Boyer, Arthur Slaybaugh, Donald Myers, and possibly several others.

Churches Hold Picnic Outing: Caledonia was the mecca of thousands of picnickers Thursday afternoon, with the numbers greatly increased by picnic of Trinity Reformed and the Methodist churches in Gettysburg. About 300 persons from each of the churches attended. Fully 500 represented St. James church at Helges' Grove, near Arendtsville.

Police Seize 78 Cases of Five Per Cent Beer in Center Square: Seventy-eight cases of beer were seized and three Harrisburg men arrested by Corporal A. F. Dahlstrom and Private Hugh Weston, of the local substation of the State Police, in Center Square, Thursday evening at 11:30 o'clock.

Attention of the State Police to the one and one-half-ton open truck piled high with cases in Center Square, was called by A. V. Weikert, chief of police. The driver of the truck willingly gave them samples out of one of the cases. According to the troopers, three of the cases contained a beverage within the legal limit. The officers found seventy-eight of them to contain the five per cent beverage. There were thirty-five empty cases on the truck.

Firpo Wins in Eighth Round: Ringside, Jersey City, N. J., July 13.—Jess Willard, the man mountain from Kansas, went back to fistic oblivion Thursday night, but he staged the last futile act of his comeback before a vast throng of more than 100,000, the greatest in ring history that filled Boyle's Thirty Acres to overflowing.

Luis Angel Firpo, the dark brown mauler from the Argentine, closed the door to Willard's attempted return to fistic fame by knocking out the giant former champion in the eighth round of a slashing battle—one of the greatest in recent heavyweight history. Incidentally, he reached the goal at which he has aimed for the past year of his meteoric rise to prominence—a match for the title with Jack Dempsey.

John Raffensperger, "Bud" Swisher, Howard Warren and Emory Sterner were camping several days at Heret's Dam.

and that most powerful of all remedies—love!

There is more to like in people than there is to dislike. Otherwise we would have no friends. Neither would it be possible for us to be a friend, if we only saw the unlikable in people.

As I sat on my porch reading of an early evening, two little girls came up. They were about seven years old. I asked the bright, bubbling, vivacious black-haired one who her companion was, and she replied: "Oh, she's my friend!" What better time to gather this precious asset to a happy life than in early youth?

Tomorrow Mr. Adams will talk on the subject: "Origins."

Reynolds  
WANTS DRAIN  
ON CIVILIAN  
LIFE HALTED

Washington, July 15 (AP)—Opposition to compulsory manpower legislation under present conditions was expressed today by Chairman Reynolds (D-NC) of the Senate Military committee who declared the Army is growing to a size where its drain on civilian workers ought to halt soon.

Reynolds predicted in an interview that sponsors of the Austin-Wadsworth manpower bill would demand action on the measure soon after Congress returns from its summer recess, but he said there would be a strenuous fight to squelch it. The bill would make both men and women subject to compulsory civilian service, if that became necessary.

Keep Families Intact  
"I would have to think a long time before I would vote to draft workers, to break up families and to send men and women to work in different parts of the country from where they live," Reynolds said. There is a great difference, he added, in drafting men for military service and in compelling them to work for another who profits from the transaction.

The committee chairman said it is his opinion that the Army, which he estimated at a strength of 7,000,000, now is "big enough." He said he looks for a tapering off in Selective Service requirements, particularly for older men and those with families, with youths turning 18 making up the bulk of additions and replacements.

CONSIDERATION

Topeka, Kas. (AP)—Ed Nellis, member of the county rationing board, explains why the board refused to allow an 82-year-old woman to buy a rationed bicycle.

"She wanted it to travel, to sell her book 'My 39 Years of Hardships in Kansas.' We thought riding a bicycle at her age would make the fortieth year the hardest."

MANY NEVER  
SUSPECT CAUSE  
OF BACKACHES

This Old Treatment Often  
Brings Happy Relief

Many sufferers relieve nagging backache quickly, once they discover that the real cause of their trouble may be tired kidneys. The kidneys are Nature's chief way of taking the excess acids and waste out of the blood. They help most people pass about 3 pints a day. When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness under the eyes, headaches and dizziness. Frequent or scanty passages with smarting and burning sometimes shows there is something wrong with your kidneys or bladder.

Don't wait! Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from your blood. Get Doan's Pills.

CONSTIPATED?

Don't Force! Don't Strain!

Thus Risking Hemorrhoids!

Here's one right and proper way to moisten hard dry passages and secure more gentle "easy" movements. 15 minutes before breakfast, drink a glass of hot water to which one teaspoonful of Kruschen Salts has been added. While you are eating breakfast the hot water and Kruschen will be feeding moisture to those hard, dry passages. They become soft, moist, easier to expel. No need to strain and thus risk painful rectal irritation. Usually within 30 minutes wastes are expelled smoothly and gently. You feel gloriously fresh again.

Take only as directed. Try Kruschen for 5 days for you can so regulate the dose as to bring about that "easy" movement such as you have long desired. Don't delay—you can get Kruschen Salts at any drug store.

# Emmitsburg Residents Urged To Donate Blood At Next Visit By Mobile Unit

## COMMITTEE IS NAMED TO AID MRS. H. BOYLE

Mrs. Harry Boyle, 426 East Main street, has conferred with Mrs. H. D. Baker, chairman of surgical dressings, Frederick, regarding the necessity of securing 450 blood donors for the Frederick area, which includes Emmitsburg. Mrs. Boyle asks that the people of Emmitsburg "put forth every effort to give blood to this especially worthy cause," adding "it is one way we can be of direct help to our wounded and sick boys on the battlefield and in the hospitals. Please give freely of your blood."

In order to make final arrangements for an appointment at and transportation to Frederick, those who will give blood are urged to notify Mrs. Edgar Rhodes, Mrs. A. L. Leary, Mrs. Harry Boyle, Charles Harner, E. L. Annan or Guy Nune-maker, who will tabulate names and time best suited for a trip to Frederick. The information will be relayed to Mrs. Boyle who will make the final arrangements, and an appointment for the Emmitsburg delegation at Frederick. The mobile unit will be in Frederick on July 20th, 21st and 22nd.

**Seeks Gasoline**  
Mrs. Boyle said, "I have three private cars promised, and twelve persons have expressed a desire to give blood. I feel sure that others will follow just as soon as definite transportation arrangements can be made. The cars are available if

## Army Observer

Pvt. Louis Rosensteel, son of Mrs. Claudia Rosensteel, 207 East Main street, Emmitsburg, who recently completed training as an observer for the Coast Artillery at Camp Langdon, New Hampshire and is now stationed at an Army observer station on the Atlantic coast.

gasoline can be had, and a letter has gone forward to Mr. Hicks of the War Price and Rationing Board asking that individual car owners be allowed extra gas to cover a round trip to Frederick. Final plans can be made upon receipt of a favorable answer from Mr. Hicks." She is hopeful that the number of donors from Emmitsburg will reach 25, at least.

Mrs. Boyle said: "People will respond freely when the need of such

## SEEK WACS IN EMMITSBURG

Lieut. Jane Calvert, Warrenton, Va., of the Woman's Army Corps (WAC) with offices at 153 North Market street, Frederick, expressed a desire to have the young women of Emmitsburg who are interested in army service, assemble to hear a talk by a member of the WAC at some future date.

Lieut. Calvert states, "this branch of the service is now designated as the Woman's Army Corps (WAC) and the members are eligible for overseas duty. In fact some are already on foreign soil. The term of service is for the duration and six months with pay and allowances the same as paid to all soldiers, the lowest pay being \$50 per month. The age limits are from 21 to 44 years, good character, physically fit, and quick to comprehend. The two years of high school requirement has been withdrawn."

Burgess Joseph R. Hoke will receive and tabulate the names of those young women who are interested in army service or who would like to have a speaker from the WAC come to Emmitsburg for a discussion of requirements, qualifications and duties of a soldier in the Woman's Army Corps. Burgess Hoke will communicate with Lieut. Calvert if and when the interest displayed warrants a speaker coming to Emmitsburg.

## Woman Slayer To Share In Estate

Scranton, July 15 (AP)—A woman who shot and killed her husband apparently had won her fight today to share in his estate.

Orphans' Court Judge M. F. Sando ruled yesterday that Mrs. Ella Moore, who was paroled last year after serving a term for manslaughter, is entitled to a third of the \$800 remaining in the estate of her late husband, Jobe Moore, whom she confessed shooting in 1938.

An insurance company contested Mrs. Moore's claim.

help to our wounded and sick soldiers on the field of battle and in the hospitals is fully understood."

Those between the ages of 18 and 60 are eligible for a check by the doctors and if found physically fit will be allowed to give one pint of blood. Volunteers under 21 years of age must have a written certificate from a parent.

Soldiers make an average of eight moves by railroad between induction and embarkation for service overseas.

## Emmitsburg

Emmitsburg—William Hays of Boston, and Mrs. Harry Hays of Princeton, N. J., are visiting Mrs. Minnie Hays, 406 West Main street.

Miss Helen Fraily, 400 West Main street, has recently returned from a visit with Mrs. Miller Thomas, Newport News, Virginia.

William A. Chase, 415 Lincoln avenue, recently returned from Camp Croft, South Carolina, following an honorable discharge from the Army due to a disability contracted in line of duty.

Bernard Willis, R. 1, and Clyde Richard Boller, of near Rocky Ridge, were called by Board No. 2 for a physical examination.

Mr. and Mrs. Andrew McCleaf, 331 North Seton avenue, are spending a few days at their son's home, Mr. and Mrs. Donald McCleaf, York, Pa. Miss Blanche Harbaugh and Miss Frances White recently visited friends in Philadelphia.

Seaman Bernard Goulden of White Plains, N. Y., is visiting his mother, Mrs. Ida Goulden, 212 East Main street.

Mrs. Paul C. Ramer, and Miss Mildred Harmon, of Cashtown, and Mrs. Betty Harmon, of Hunterstown, Pa., spent the week-end with Mr. and Mrs. Murry Hardman, Sr., 807 West Main street.

James McCleaf, of York, Pa., is spending his vacation with his grandparents, Mr. and Mrs. Andrew McCleaf, 331 North Seton avenue.

Pvt. Edgar Wastler of Camp Edwards, Massachusetts, spent the week-end with his family.

Pvt. Alvey Kline of Aberdeen Proving Grounds is visiting his mother, Mrs. Flora Alice Kline.

Pvt. Donald Miller, Camp Lee, Virginia, is spending an 8-day furlough with his parents, Mr. and Mrs. Herbert Miller of near town.

Pvt. Eugene Cremer of Aberdeen Proving Grounds spent the week-end at his home, 120 South Seton avenue.

Miss Catherine Baker, of Baltimore, visited her parents, Mr. and Mrs. Guy Baker.

Jerry, son of Mr. and Mrs. Hurbert Joy, 203 South Seton avenue, fell and fractured an arm. Dr. Cadle attended the lad.

Mrs. Paul Humerick, Mrs. William Brawner and daughters, Helen and Mary have returned home after a visit with John Brawner, Dayton, Ohio.

The regular meeting of the Woman's club is held on the fourth Thursday of each month. The last session, 4 tables of cards, was recently held at the home of Mrs. Lewis Higbee, 227 West Main street. Meetings will be suspended until September.

Mrs. Leonard Sanders, and Mrs. O. H. Stinson, representing the local Woman's club, recently attended a joint meeting of the Thurmont, Lewistown, and Emmitsburg clubs at the home of Mrs. P. D. Koons, Thurmont. Mrs. Jesse M. Hamerly, home demonstrator for Frederick county, and Miss Shelby of the University of Maryland, a member of the clothing committee, were present and presented some interesting facts in connection with the art of making women's clothes.

Lieut.-Commr. and Mrs. Russel R. Waesche, daughter, Judith recently visited his cousins, Mary Joe and Luther Zimmerman, 3 W. Main street enroute to a new assignment in the North Pacific area. Lieut. Waesche is the eldest son of Admiral Russel Waesche of the Coast Guard service. Two brothers are in the U. S. service, Harry, a major in the Air corps, and James, now in a southern training school. This gives the Thurmont family a 100 per cent rating in the services of their country.

Over-the-Tea-Cups Sewing Circle met at the home of Miss Ruth Gillelan, 101 West Main street, Thursday evening. Mrs. Charles McNair,

## SCRIBES, ARMY POOL SERVICES FOR WAR NEWS

By STERLING F. GREEN

Washington, July 15 (AP)—Better communications, Army aid in getting the news out, and a willingness by United States newspapers and press services to "pool" their eyewitness stories are bringing to American newspaper readers a uniquely vivid and well-rounded picture of the Sicilian invasion.

The volume of military news from Sicily, despite the greater remoteness of that island in terms of communications, was said by Lieut. Col. Albert L. Warner of Army Public Relations today to be enormously larger than was transmitted in the early stages of the North African landings last November, and it is coming through faster.

This "pool" is used mainly for

Mrs. Morris Gillelan, Mrs. George Thompson, Mrs. J. W. Houser, Miss Ann Codori, and Miss Ruth Gillelan attending.

Miss Gilda Gelwicks and Miss Pearl Muller, of Baltimore, are visiting Mrs. Eugene Warthern, 620 West Main street.

William Brewer and family, 101 De Paul street, has moved to Waynesboro.

Cpl. Clifford (Kay) Keilholtz, son of Mr. and Mrs. Maurice Keilholtz, 20 West Main street, and Mrs. Keilholtz have arrived home for a 10 days furlough from the Ephrata Air Base, Washington state. Cpl. Keilholtz met Sgt. Charles Wivell, son of Mr. and Mrs. Wivell, 205 East Main street, on a street corner of Ephrata. Cpl. and Mrs. Keilholtz were guests at a joint family dinner Wednesday evening with Mr. and Mrs. Sells, parents of Mrs. Keilholtz, at Taneytown.

Mrs. Mollie Fisher, of Graceham, Maryland, is visiting her daughter, Mrs. Roy Bollinger, 123 East Main street.

Cpl. John T. Garner, Army Air Base, Pueblo, California, is visiting his mother, Mrs. Agnes Taylor Garner, St. Anthony's.

S-Sgt. Pershing L. Mondorff, Keesler Field, Mississippi, is home for a few days visiting his father, Lawrence Mondorff, 2 East Main street. Sergeant Mondorff is active in Army sports, having been one of the outstanding athletes at the University of Maryland during his school years. He came to Washington, D. C., in behalf of Army sports. He will return to Keesler Field later.

William Smith, 15 West Main street, has recently returned home following a tonsilectomy operation at the Warner hospital, Gettysburg.

Edward Hopp, Baltimore, who was injured in a street car accident is home for a few days visiting his mother, Mrs. Catherine Hopp, 134 Main street.

Ensign Roger Zurgable, son of Thomas Zurgable, 115 De Paul street, is attending the Torpedo School at San Diego, California.

eyewitness accounts of sorties and operations on which one or two writers can be taken. In addition, of course, each news agency and the larger newspapers have their own correspondents filing direct from bases in North Africa, over facilities which have been steadily improved and expanded since the British and Americans took over.

The advantages of pooling news are twofold; all newspapers can get a complex picture of every diverse phase of the complex land, sea and air campaign; and at the same time, the burden of news wordage does not interfere with radio circuits which are jammed with military orders and reports.

A correspondent's story from the battlefield is sent to Algiers by the Army Signal Corps, probably by plane or fast ship to avoid jamming wireless circuits needed for military messages. Cleared through the routine censorship in north Africa, it is dispatched from Algiers on a Signal Corps wireless-teletype circuit direct to the Army's Pentagon building in Arlington, Virginia.

**Speedy Service**  
The Signal Corps promptly relays the story to headquarters of OWI's Foreign Service Division in Washington, where the perforated tape of the Signal Corps copy is run into teletype transmitters and sped into the New York cable offices of the big news gathering and distributing organizations.

OWI transmits the stories intact, as received from the Signal Corps, even including any errors which may have entered in transmission. If parts of a story are missing, or if the second half arrives before the first, the copy is held in Washington long enough to permit a check with Algiers to straighten it out.

Similar combined British press copy goes to London, where the American agencies are free to choose what they wish to cable to the United States.

## 29 Prisoners Are Freed From Prison

Harrisburg, July 15 (AP)—The State Parole board reported today it has granted freedom to 29 prisoners whose terms were commuted previously by the State Board of Pardons.

The disclosure came after Chairman Henry C. Hill of the Parole Board insisted on releasing only names of those prisoners whose

**KILLED IN BLAST**  
Elgin Field, Fla., July 15 (AP)—Three Pennsylvanians were among 17 men killed in an accidental explosion here Monday, the Army Air Field public relations office announced. They were Pvt. George J. Walker, Monongahela; Pvt. Thomas Daniels and Pvt. George W. Foreman, both of Pittsburgh.

cases had come before the pardon board. That policy was called "a la majes omd on omd omd" by Safety Director George A. Fairley of Pittsburgh, who called for publication of all names.

"We will continue to release names of men freed after their sentences are commuted by the Pardon Board," Hill replied. "A general policy of releasing names of all those paroled would force us to hire extra help." He said he was following an established policy.

## 10,000 Are Needed In Hard Coal Pits

Wilkes-Barre, Pa., July 15 (AP)—The "help wanted" sign is out in the hard coal fields.

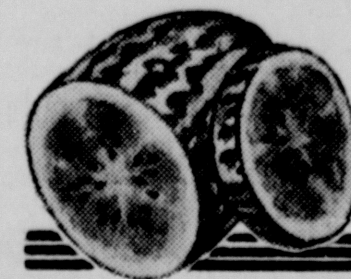

Ten thousand workers — 4,500 miners and helpers and 5,500 "non-producing" employees—are needed in the Wyoming Valley area alone, Patrick J. Connolly, United States Employment Service manager, announced, on the basis on operators' estimates of the manpower needed to meet the government-set goal of 65,000,000 tons this year.

In the area involved, stretching from Shickshinny to Dunmore, 33,000 men now are employed in 44 operations.

War Manpower Commission representatives are continuing a survey of employment needs throughout the anthracite region.

## KISKA ISLAND ASSAULT NOW, OR NEXT YEAR

By JOHN M. HIGHTOWER

Washington, July 15 (AP)—The time for an American offensive against the Japanese base on Kiska island in the North Pacific is growing short. Responsible opinion here is that if the strategic base is to be recaptured from the enemy this year weather conditions make it essential that operations begin as soon as possible.

An amphibious attack on Kiska, where the Japanese have elaborate defense installations, an unfinished airfield and a force estimated as high as 10,000 men, would be a logical follow up to the conquest of Attu island, completed a month and a half ago. But whether and when it will be made is a high command secret which the bomb-battered out-flanked Kiska garrison may try to

figure out as best it can.

## Weather Is Factor

The basic elements with which the American commanders have to work have been put on the record, however, and in the absence of more recent official information on the subject are currently arousing intense speculation here.

Possibly the most important of these is the weather, which in the Aleutians area is never good and at this season is steadily going from bad to worse. By October sleet storms and blizzards will be added to the commonplace fog, rain and 100-mile-an-hour winds. Presumably any campaign for this year would be planned with a view to smashing Japanese resistance before that time.

The alternative to an attack this year is to let the Japanese suffer the ravages of another rough Aleutian winter with few if any supplies reaching them. They can be bombed repeatedly when weather permits, the nearest American air-base on Amchitka island being only 63 nautical miles away. Already they are virtually blockaded with Amchitka on one side and Attu on the other, 173 nautical miles to the northwest.

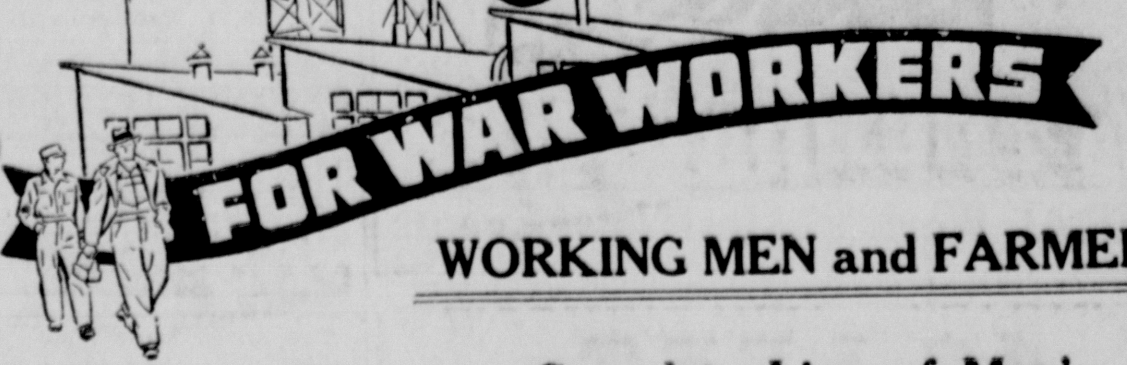

To leave the enemy on the island, however, would deprive American forces of a valuable base for offensive thrusts against Japan, which even now are indicated or developing.

## MAXON CLAIMS OPA RED TAPE MESSY; QUILTS

By KARL R. BAUMAN  
Washington, July 13 (AP)—Dynamic, red-haired Lou R. Maxon, Detroit advertising executive who bounded into Washington several months ago full of confidence that he was just what the Office of Price Administration needed, bounced right out today with the firm conviction that Houdini himself couldn't untangle OPA's "legalistic red tape."

After weeks of consultation, Maxon said, he "decided that I cannot accept the position of general manager of OPA and have also reached the conclusion that I cannot continue to be associated with OPA in any capacity."

Refused Powers  
Maxon had demanded that he be given almost absolute powers over policy and personnel, and his resignation "as of this date" was taken to mean that Price Administrator Prentiss Brown refused to agree to a setup that would have left him little more than a figurehead.

Almost from the day of his arrival as a non-salaried deputy administrator in charge of public relations, Maxon found himself in sharp conflict with other key figures

in OPA—"professors" and "slide-rule boys," he called them.

J. Kenneth Galbraith, deputy administrator in charge of prices, quit after a row with Maxon, but most of the others whom he had criticized are still there.

Haley Resigns  
The Detroit's departure coincided with the announced resignation of Bernard F. Haley, director of OPA's textile, leather and apparel price division, previously head of the economics department at Stanford university. Haley commented simply that recent congressional action requiring removal of anyone without business experience from price-fixing policy jobs "would have made my resignation inevitable by August 16, anyway."

Named to act temporarily in Haley's stead was Leander B. Lovell,

## Stop that Itch

With Victory Ointment  
A new granular, white, antiseptic ointment developed under war conditions for the boys in the army, now offered to the folks back home. For Athlete's Foot, Itching, Chafing, Insect Bites, Poison Ivy and Sunburn, First Aid. Victory Ointment is sold by all drug stores at 49c and 89c. Mail orders filled. There is no substitute for "VICTORY" Drexel Laboratories, Drexel Hill, Pa.

## Coal Production Cracks In June

Harrisburg, July 13 (AP)—A drop of 6,618,000 tons in Pennsylvania coal production last month from the June, 1942, output accompanied the work stoppages which emptied pits in both anthracite and bituminous fields.

Richard Maize, Acting Secretary of Mines, reported today without comment that 2,980,000 tons of hard price executive of the manufactured articles branch, and former economist at Northwestern and American universities, NRA and the State department.

coal were mined last month to 4,843,000 tons in the same month last year. He said bituminous production in June, 1943, was 7,356,000 tons, compared to 12,111,000 tons in June of 1942.

With only 27,789,000 tons mined in the first half of this year—28,646,000 were produced in the same 1942 period—the state's anthracite miners will have to dig more than 37,000,000 tons in the last six months to reach the government-set goal of 65,000,000 tons for 1943. In the last half of 1942, 28,646,000 tons were mined.

The head of a barracuda is one-fourth of its five foot length.

**WINS GOLD STAR**  
Washington, July 13 (AP)—Secretary of the Navy Knox has awarded a gold star in lieu of a third Navy Cross to Commander Edward N. Parker, Bellefonte, Pa., whose "daring and determination contributed materially to the victory" in the Solomons area last November 12-13. He commanded the destroyer Cushing in the action.
